Retention is several clocks

The public retention page splits the clocks. VCC audio is the sooner of 30 days, a successful SFTP or FTP offload, or the contract. E911 recordings are 30 days. Agent data is 60 days. Campaign state is 120 days. A disabled domain is 120 days after closure. DIDs and toll-free numbers are 90 days after closure.
Quote the line that matches the object. ’We keep everything 30 days’ is already wrong.
Quote the clock for the object
Offload audio you must keep
