How to answer without inventing Learn it in 5 minutes

An interview answer in this lab has four beats: the object, the behavior, the page, and the gap. 'A stopped inbound campaign does not answer. The inbound topic says callers hear busy. I have not memorized a numeric abandon default.' That is a complete answer.
The interview deck on this site uses the same links as the lessons. If you cannot say the page, say you do not know. Guessing a port, a percent, or a cert code is a worse answer than silence.
