The prebuilt CRM names are a list

The APIs page says it has pre-built integrations with Salesforce, ServiceNow, Microsoft Dynamics 365, Oracle Service Cloud, Oracle NetSuite, and Zendesk. A later line says robust pre-built integrations with Salesforce, ServiceNow, Microsoft, Oracle, and Zendesk.
The desktop page’s out-of-the-box line is Salesforce, ServiceNow, Microsoft, Oracle, and Zendesk, and it adds bring-your-own with the CRM SDK. Microsoft on that line is not spelled Dynamics. Dynamics 365 is spelled on the API list. Quote the line you mean.
Spell the name the page spelled
Send unlisted CRMs to the SDK
