The glossary is a contract with the page

A glossary row in this lab is a term, a meaning, and the page that printed the meaning. Domain, skill group, campaign, and the rest already follow that rule. A new word with no page does not get a row.

ACD is allowed because the Wikipedia article defines it. Skill group is allowed because the Five9 chapter defines it. A private acronym from a slide is not allowed until a public page says it.

Keep the page on the row

Reject words that have no page
